The Faculty's Oral Health Exhibition is for the general public to recognise the impact on oral health and on overall physical health.

*World Oral Health Day* is promoted each year by the FDI World Dental Federation ([www.fdiworlddental.org](http://www.fdiworlddental.org)). This year's theme is "Live Mouth Smart: Express yourself through life; Feel attractive through life; Taste through life; Taste through life; Laugh through life; Chew through life; Be confident through life". WOHD 2017 aims to get everyone to recognise the impact their oral health has on overall physical health and wellbeing to help inspire this change.
