

Knowledge Exchange Hub at the HKU Faculty of Dentistry

Knowledge exchange (KE) at the HKU Faculty of Dentistry aims to enable and maintain dialogues between the Faculty and non-academic sectors of society for the benefit of both. To meet this aim, the Faculty's KE Unit was established in September 2008, and in 2009 it developed into the KE Hub (consisting of the KE Unit, Education & Media Technology Unit, and Postgraduate Education & Continuing Dental Education section). The KE Unit is the Faculty's administrative link to the *HKU KE Office*.

The HKU Dean of Dentistry, **Prof Thomas Flemmig**, is Director of both the Faculty's KE Hub and KE Unit, and is also the Faculty's representative in the *HKU KE Working Group*, which is responsible for coordinating the implementation of HKU's strategic initiatives in KE (outlined in HKU's latest Strategic Development document, <http://www.sppoweb.hku.hk/sdplan/eng/images/doc.pdf>).

Supporting the Dean in overseeing KE at Faculty level is the Faculty Executive Committee and the following KE Hub personnel:
