Meet the HKU Faculty of Dentistry at HKIDEAS 2010

Dental professionals from far and wide can meet members of the HKU Faculty of Dentistry and find out about the Faculty’s latest activities and training programmes during the Hong Kong International Dental Expo and Symposium (HKIDEAS), at the Hong Kong Convention and Exhibition Centre from 18 to 20 June 2010.

HKIDEAS, organised by the Hong Kong Dental Association, aims to provide a unique platform for members of the dental community to share their expertise, interact, and extend their network across the globe. The event will provide an excellent opportunity for dental professionals, from home and abroad alike, to learn more about current and upcoming dental technologies and developments, and to meet experts in the field.

Senior academic staff of the HKU Faculty of Dentistry, including Prof Lakshman Samaranayake, Prof Lim K Cheung, Prof Li-jian Jin, Dr Chun-hung Chu, and Dr Ricky Wong, have been invited to speak at scientific symposia on current hot topics in their fields.

In addition, through the concurrent trade exhibition, the event will also present an opportunity for the dental community to gain insight on current industry innovations. Manufacturers and suppliers of dental products will showcase a wide range of cutting-edge dental equipment and technology.

Staff of the HKU Faculty of Dentistry and Prince Philip Dental Hospital will be on hand at the trade exhibition to discuss career development opportunities in the dental and paradental professions, and to answer delegates’ questions about dental training at both undergraduate and postgraduate levels, as well as continuing professional development.

The exhibition booth of the HKU Faculty of Dentistry and Prince Philip Dental Hospital will be located at Booths A06-A07 (Exhibition Hall 1A) at the conference tradeshow.
