Oral and Maxillofacial Surgery Symposium 2019

March 10th, Sunday

HKU Oral and Maxillofacial Surgery Symposium 2019

The Department of Oral and Maxillofacial Surgery at the Faculty of Dentistry HKU is pleased to welcome you to a half-day symposium on Sunday, March 10th, 2019 at Prince Philip Dental Hospital.

The scientific programme is packed with exciting lectures covering a wide-range of topics in Oral and Maxillofacial Surgery, ranging from head and neck oncology and reconstruction, salivary gland diseases, craniofacial deformity and cleft, orthognathic surgery, oral mucosa disease to dental implant.

In addition to speakers from our own faculty, we are honored to have eminent speakers and guests from Peking University School of Stomatology and Shanghai Ninth People's Hospital, Shanghai Jiaotong University. President of China Stomatological Association Professor Guangyan Yu, Head of OMFS Department Peking University School of Stomatology Professor Yi Zhang, and Head of OMFS Department Shanghai Ninth People's Hospital Professor Chenping Zhang, and other distinguished guests will attend the symposium.

We hope to encourage interaction during the symposium between faculty, practitioners, trainees, students, and clinical researchers and hope that participants will actively join in the discussions.

We look forward to welcoming you on the day and hope you will enjoy the programme!
